Ash Wednesday

Repent and Believe in the Gospel

"BE RECONCILED TO GOD...
NOW IS THE FAVOURABLE TIME"
2 Corinthians 5:20-6:2

ASHES WERE WORN BY PEOPLE IN
THE BIBLE TO SHOW THEIR REPENTANCE,
Esther 4; Jonah 3 & Matthew 23:25-28

We also wear ashes
on Ash Wednesday as a
sign of our repentance
and grief for our sins.

The ashes are a public
sign of our intent to die
to our worldly desires and
live in Christ.

As our foreheads are
being marked with a
cross, the priest says:

"REMEMBER YOU ARE DUST
AND UNTO DUST YOU SHALL RETURN"
Genesis 3:19
or
"REPENT AND BELIEVE IN THE GOSPEL"
Mark 1:15

The ashes come from the blessed
palms used in the Palm Sunday
celebration of the previous year.
The story of Jesus' entry into
Jerusalem on a donkey while
the crowds greet him by
waving palms of victory is
told in Matthew 21:1-11,
Mark 11:1-11,
Luke 19:28-44,
and John 12:12-19.

Ash Wednesday is the first
day of the season of Lent.

Lent

Repent and Believe in the Gospel

"A PURE HEART CREATE FOR ME, O GOD,
AND GIVE ME AGAIN THE JOY OF YOUR HELP"
Psalm 51:12,14

Lent begins on Ash Wednesday and
is the period of 40 days (Sundays
excluded) that comes before Easter.
It is a time of prayer, fasting, and
charitable giving. During this time,
we seek spiritual renewal and
prepare for Christ's death and
resurrection through acts of
generosity and kindness.

We pray for a renewal
of heart, to stay firm in
our faith and for the
healing of the world.

DURING LENT

We fast from meat on
Fridays and some meals
on Ash Wednesday and
Good Friday.

We give to the poor,
help those in need,
visit the sick and do
other charitable works.

40 is a significant number in the Bible:
In Genesis 7, rain fell for 40 days and
40 nights in the great flood.
In Numbers 32:13, the Israelites spent
40 years in the wilderness before
entering the Promised Land.

In Exodus 34:28-35, Moses fasted for 40 days before
receiving the Ten Commandments.
In Matthew 4:1-11, Mark 1:12-13; and Luke 4:1-13, Jesus spent
40 days fasting in the wilderness before starting his ministry.

Inside our churches,
some statues and images
are veiled in a purple cloth
until Easter Sunday.

The Stations of the Cross
become a focus of particular
prayer and reflection during
the season of Lent.

To mark Ash Wednesday, Year 2 have been exploring movement through
rotating mechanisms. The children designed a card wheel with a cut out
window that shows different Lenten reflections.

holycross@sthelens @holycrosssthel1 · Mar 4
In anticipation of Ash Wednesday, Year 6 designed, created and evaluated
their own Cross in textiles. We used a variety of stitches and embellished
our crosses in many different ways. We used purple as our base colour to
symbolize repentance, sacrifice and the start of Lent.

Virtues to Live by: Love—Charity

Charity is love, a virtue through which we love God above all else and we love our neighbour as we love ourselves. You accept someone as they are, you care for them, and care what happens to them. You always think about the other person rather than thinking about yourself. When you love you put into practice the “golden rule”, to treat others with the respect and kindness that you want for yourself. You show love for people you do not know by simple acts of kindness and by wanting the best for them.

"This is my commandment, that you love one another as I have loved you." (John 15:9)

Love isn't just something we say – it's something we show. We show love when we are kind, when we care, and when we think about other people's feelings. Love is helping a friend when they're upset. Love is standing up for someone who is being left out. Love is sharing what we have – even when it's hard. Charity is love in action. It's when we give our time, our kindness, or our help to people who need it – even if we've never met them. Charity can be giving food to someone who is hungry or raising money to help a good cause. But charity is also the small things – a smile, a kind word, or a helping hand.

Year 5 explored the meaning of love and charity this week. We focused on how we show love daily to those we care about and acts of charity towards those in need. We had some great ideas and turned our ideas into a short poem. We finished our assembly off with a song- 'Put a little love in your heart'. This song speaks on our actions towards others and carries our school mission; we care, we share, we value.

Our Virtue to Live by:

Love

I show my love for God through my loving concern for everyone especially those in need of my help.

I treat others with the respect and kindness that I would want for myself.

"This is my commandment, that you love one another as I have loved you." (John 15:9)

Virtues to Live by

I show love

when

I treat everyone as I would like to be treated.

I do simple acts of kindness to show my love.

I show my love for God by caring for others.

I give my time to help others.

I share what I have with others.

What Parents & Carers Need to Know about SMART TVs

WHAT ARE THE RISKS?

AGE-INAPPROPRIATE CONTENT

From Netflix to Disney+ to Prime Video, there is a plethora of streaming services available. While these services offer content catering for younger viewers, they also provide material for more mature audiences. If you don't have parental controls set up on your accounts, your child could find themselves being exposed to shows and movies with adult themes, strong language and violence.

INCREASED SCREEN TIME

The array of content available through smart TVs could lead to your child spending excessive amounts of time in front of the screen. Not only can prolonged screen time distract from important activities such as schoolwork or exercise, but experts have also warned that endless hours in front of the box can lead to health problems including obesity, poor sleeping patterns and depression.

REMOTE-CONTROL RETAIL

Like many online devices, smart TVs facilitate digital purchases: buying a new app or the latest season of a favourite show, for example. If your child has access to a bank card and isn't restricted by spending controls on the system, they could run up a sizeable bill through a smart TV fairly quickly – especially if they're not quite old enough to fully appreciate the value of money.

UNCONVINCING SECURITY

As Internet of Things (IoT) devices, smart TVs can be uniquely vulnerable to attack. Experts warn that internet-enabled TVs tend not to support high-level security software, so you won't always be able to download strong antivirus programmes like you would on a phone or computer. Being targeted by hackers could be deeply upsetting for your child, as well as putting their personal data at risk.

A SILENT SPY?

Some smart TVs already collect data on users' viewing habits and then display targeted advertising based on that personal information – while there have also been reports of internet-enabled TVs (and the apps installed on them) being used to 'eavesdrop' on owners. In models with a built-in microphone (for voice activation), third parties could potentially listen in on someone's home life.

CONTACT FROM STRANGERS

Many smart TVs can be used for web browsing, social media and live streaming – all of which could allow unknown users to contact your child (or vice versa). If your child engages with these functions of the TV, a stranger could potentially discover their contact information and potentially then use it to obtain even more sensitive personal details, such as your home address.

Advice for Parents & Carers

MAKE IT A FAMILY THING

Family TV time is a great way to model the responsible enjoyment of technology – showing your child how to use the smart TV safely for when they're old enough to watch it independently. You could also take this opportunity to establish some healthy TV boundaries, such as time limits on their daily viewing or how to make sure they're only watching content that's appropriate for their age.

SET UP PARENTAL CONTROLS

It's likely that your smart TV has built-in parental controls, which not only let you filter out age-inappropriate shows, movies and games but can also restrict in-app purchasing, so your child can't accidentally spend money through the device. When you've enabled these safeguards, have an open conversation with your child about the reasons, helping them to understand the potential risks.

CREATE CHILD PROFILES

Much like with smartphones and tablets, apps can be downloaded onto smart TVs: from free content platforms such as BBC iPlayer to paid-for services like Prime Video. Most of these apps allow you to create a separate account for your child which has different settings to your own – suggesting more child-friendly material and reducing the possibility of them viewing explicit content.

CONSIDER THE LOCATION

If you're concerned about the online safety hazards that a smart TV might pose to your child, you could consider where in your home you put the device. The safest option would be to place the smart TV in a shared family space – so that an adult is usually nearby and able to supervise while your child's watching it – rather than in the relative privacy of a bedroom.

ACTION FOR HAPPINESS

Is my child too ill for school?

Coughs and colds

It's fine to send your child to school with a minor [cough](#) or [common cold](#). But if they have a high temperature, keep them off school until it goes. Encourage your child to throw away any used tissues and to wash their hands regularly.

Ear infection

If your child has an [ear infection](#) and a high temperature or severe earache, keep them off school until they're feeling better or their high temperature goes away.

<https://www.nhs.uk/live-well/is-my-child-too-ill-for-school/>

Does your child need care this winter?

If your child is ill it can be a worrying time, but lots of childhood illnesses can be treated quickly and effectively at home or by accessing the right healthcare service. Here is our handy guide to services available in your area. By choosing the right service you can help your little one feel better, quicker.

Online symptom checker

Our friends at Alder Hey have created an online symptom checker with lots of useful advice on common symptoms in children. Visit the website: www.alderhey.nhs.uk/symptom-checker

You can then decide where best to get the right care for your child.

When to go to a pharmacy

Your local pharmacy can offer advice and has a wide range of over-the-counter medicines that can help treat common illnesses. Make the pharmacy your first stop to help with:

- Coughs and colds
- Upset tummy
- Minor cuts, bumps and bruises
- Minor stings and bites

When to go to urgent treatment / walk-in centres

If your GP surgery is closed, or your child's condition is more urgent, but not life-threatening, then your local Urgent Treatment / Walk-in Centre has specialist nurses and doctors that can help.

Many local centres have x-ray equipment too, which means you don't always need to attend A&E. Common conditions that can be treated here include:

- Cuts and scrapes
- Minor burns
- Minor breathing difficulties (asthma / group / bronchiolitis)
- Suspected fractures
- Uncontrolled fever

When to go to a doctor

If you are worried about your child's health, then you should speak to your GP first. Out of hours, you can call 111 who will help to decide whether your child needs to be seen right away or if the issue can wait to be treated the next day by your own family doctor.

- Common illnesses that can be treated by your GP are:
 - Persistent coughs
 - Skin infections
 - Eye infections
 - Ear pain

When to go to A&E

Accident and Emergency is for people with life-threatening illness or injury, so if you think your child needs immediate attention, then you should attend A&E.

Conditions that require immediate attention include:

- Shortness of breath or working hard to breathe
- Resulting in drawing in of the chest when breathing or making a grunting noise
- Seizures
- Severe bleeding or burns
- Head or eye injuries
- Allergic reactions causing swelling of the face, lips, eyes or tongue, fainting
- Serious animal bites
- On trouble breathing
- Infants under 2 months of age with a fever
- Blue or purple lips, skin or fingernails
- Uncontrolled pain

If your child is struggling to breathe or loses consciousness, you should call 999

Your local centre is closer than you think.

Open 365 days a year, including bank holidays, to treat all sorts of urgent illnesses and injuries.

IS MY CHILD TOO ILL FOR SCHOOL?

yes *until...*

CHICKENPOX	At least 5 days from the onset of the rash and until all blisters have crusted over.
DIARRHOEA AND VOMITING	48 hours after their last episode.
HIGH TEMPERATURE	If your child has a high temperature, keep them off school until it goes away.
IMPETIGO	Their sores have crusted and healed, or 48 hours after they started antibiotics.
MEASLES	4 days after the rash first appeared.
MUMPS	5 days after their swelling started.
SCABIES	They've had their first treatment.
SCARLET FEVER	24 hours after they started taking antibiotics.
WHOOPIING COUGH	48 hours after they started taking antibiotics.

NO

CONJUNCTIVITIS	You don't need to keep your child away from school if they have conjunctivitis. Do get advice from your pharmacist. Encourage your child not to rub their eyes and to wash their hands regularly.
COUGHS & COLDS	It's fine to send your child to school with a minor cough or common cold.
HAND, FOOT & MOUTH	If they seem well enough to go to school, there's no need to keep them off. Encourage your child to throw away any used tissues straight away and to wash their hands regularly.
HEAD LICE	There's no need to keep your child off school. You can treat head lice and nits without seeing your GP.
THREADWORMS	Speak to your pharmacist, who can recommend treatment.
SORE THROAT TONSILLITIS	You can still send your child to school if they have a sore throat. But if they also have a high temperature, they should stay at home until it goes away.
SLAPPED CHEEK	You don't need to keep your child off school if they have slapped cheek syndrome because, once the rash appears, they're no longer infectious.
