Learner Profile Attributes

We care, we share, we value.

At Holy Cross, our curriculum is delivered within relevant and purposeful contexts, is built upon prior learning, and is designed to be challenging, interesting and motivational to all pupils. We aim to create inquiring, lifelong learners who respect and care for the world they live in and all those who live in it. Holy Cross learners will understand how they are connected to the world in order to take action to improve their own lives, and the lives of local and global communities.
